INFORMED CONSENT

I agree to myself and my child being participants in the Birth to Twenty study.

The goals and methods of Birth to Twenty are clear to me.

I understand that the study will involve interviews, measures of growth, school reports, and testing urine samples, and all the details and purposes of these tests have been explained to me.

I, the undersigned, hereby declare that I understand:

1. That the University of the Witwatersrand, Johannesburg (hereafter referred to as “the University”) has insured itself against the acts and omissions of persons acting on its behalf insofar as it is liable in law therefore and that its registered students and staff are insured during the course and scope of their registered courses and/or within the scope of the University business, where the fault can be attributed to the University or its affiliates.

2. That in cases where no fault can be attributed to the University, I hereby indemnify, absolve and hold harmless the University, its officials, employees, students and invitees in respect of any damage to the property, death or bodily injury to/of myself and/or third parties, whether on/off the University precincts, or whilst engaged in any activity related to the University.

3. And undertake, for any period during which I am on the university precincts or during course and scope of my registered courses and/or within the scope of University business, to be bound by the rules and regulations of the University for the time being in force and by any requirements or conditions imposed by the University on me.

I agree to participation in the study on the condition that:

1. The Committee for Research on Human Subjects at the University of the Witwatersrand has approved the study protocol and procedures.

2. All results will be treated with the strictest confidentiality.

3. Only group results, and not my/my child’s individual results, will be published in scientific journals and in the media.

4. The Bt20 scientific team will do all they can to ensure my comfort and dignity.

5. I or my child can chose to withdraw from the study at any time if the procedures cause my discomfort, and that neither my child nor I will be prejudiced or disadvantaged if I withdraw from the study.

6. As a parent or caregiver, I will receive a referral note to a health service if any result is out of the normal range or a problem with my child is detected in the course of the study.

I understand that I attend and participate in Birth to Twenty on the (date)_____ at my own risk where the event falls outside the cover provided by the University. I acknowledge that I have read and understood the contents of this informed consent and indemnity in every respect
