

## Graduates 2000 – 2010

**MPH – Master of Public Health**

**MSc – Master of Science in Epidemiology**

**MA – Master & Honours - Demography & Population Studies**

**MDent – Master of Dentistry**

**MMed – Master of Medicine (Community Health)**

**PhD – Doctor of Philosophy**

Graduate	Thesis/Research Report
Ae-Ngibise Kenneth MSc	Risk factors and trends in injury mortality in Rufiji Demographic Surveillance System, rural Tanzania from 2002 to 2007.
Ajani Frances PhD	Alcohol and cannabis use among mineworkers in South Africa.
Bafana Thembelihle MSc	Factors influencing contraceptive use and unplanned pregnancy in a South African population.
Ching"andu Annette MPH	Linkages between PMTCT, ART and wellness services: An assessment of uptake of ART and wellness services by women attending PMTCT clinics at selected ANC clinics in Soweto.
Dikgale Makgoka MSc	Factors influencing the differences in HIV prevalence in South Africa: Analysis of the Antenatal Clinics.
Du Toit Andreas MPH	Description of coal associated diseases and coal dust concentrations in Mpumalanga coal mines.
Ekrikpo Udeme MSc	A rural-urban comparison of patient characteristics and HIV treatment outcomes in South Africa.
Exavery Amon MSc	Determinants of health care utilisation among the elderly population in rural Ghana.
Groome Michelle MSc	The burden of severe acute gastroenteritis and risk factors associated with poor outcome in a cohort of Sowetan children under five years of age.
Horumpende Pius MSc	An analysis of clinical signs and symptoms which best predict the need for HAART initiation in HIV infected South African women.
Illah Evance MSc	Assessment of risk factors associated with maternal mortality in rural Tanzania.
Jassat Waasila MMed	An evaluation of the cervical screening programme in Johannesburg Metro District, Gauteng Province.
Julius Henry Patrick MPH	The burden of metabolic diseases amongst HIV positive patients on HAART attending the Johannesburg Hospital.
Katz Ivor PhD	An evaluation of a chronic disease outreach program (CDOP) – a primary care and tertiary care kidney and cardiovascular prevention, detection and management program.

Kgalamono Spoponki MMed	Cases of occupational asthma assessed at the National Institute for Occupational Health – Occupational Medicine clinic from 1997-2009.
Kimani-Murage Elizabeth PhD	Exploring the paradox: Double burden of malnutrition in rural South Africa.
Kirsten Ria MPH	Groote Schuur Hospital Trauma Centre: Event and outcome study.
Luppe Tobias MPH	Evaluation of the grassroots soccer club HIV & AIDS programme in Musina, South Africa.
Mabuto Tonderai MSc	Comparison of virologic outcomes in HIV-infected adolescents and pre-adolescents on Highly Active Antiretroviral Therapy in Soweto, South Africa.
Maraga Seri MSc	Risk factors of neonatal mortality in Navrongo DSS in Ghana between 2001 and 2005.
Mathews Shanaaz PhD	Understanding intimate femicide in South Africa.
Mkubwa Jack MPH	Job satisfaction among public sector physicians in Botswana.
Mojaki Monnapule MPH	Evaluation of referral system in Thaba Nchu Health sub-district.
Moji Teboho MPH	Assessment of voluntary counselling and testing (VCT) services in Ekurhuleni Metropolitan Municipality.
Motloung Tiisetso MPH	Prevalence of abnormal pap-smear among sex-workers in Hillbrow, Johannesburg.
Moyes Jocelyn MSc	Is the use of hormonal contraception a risk factor for incident sexually transmitted infections in a cohort of women aged 18 to 35 in Soweto South Africa?
Mulenga Lisa MPH	The influence of non-financial incentives on the retention of nurses in two rural hospitals in the Copperbelt Province of Zambia.
Murunga Frederick MSc	Association between HIV/AIDS related deaths and migration of household members in rural Rufiji District, Tanzania.
Nagar Shashikala MPH	Adherence to highly active antiretroviral treatment and loss to follow-up of pregnant women at the Themba Lethu Clinic.
Naidoo Aroomugan MPH	Trends in adult medical admissions at Tambo Memorial Hospital, Gauteng, between 2005 and 2007.
Nanoo Ananta MSc	Is there an association between trimethoprim-sulfanethiazole use as prophylaxis and multi-drug resistant non-typhoidal salmonella: A secondary data analysis of antibiotic co-resistance surveillance data in South Africa 2003-2005.
Narh-Bana Solomon MSc	Risk factors and causes of adult deaths in the Ifakara Health and Demographic Surveillance System (HDSS) population, 2003-2007.

Ncayiyana Jabulani MSc	Risk factors associated with TB incidence in an adult population from poorly-resourced South Africa urban communities with high TB prevalence.
Ndiath Mahamadou MSc	Socio-economic determinants of childhood mortality in Navrongo DSS.
Nkomo Palesa MSc	Association between height at age 2 years and adolescence school performance: Evidence from Birth to Twenty cohort study.
Nyogea Daniel MSc	Immunization status and under-five survival in rural Ghana.
Otieno George MSc	Levels and factors associated with homicide-related deaths in a rural South Africa.
Ramma Lebogang MPH	Evaluation of the implementation of the School Health Policy in two schools in Cape Town.
Rose Andre MMed	Contact dermatitis seen at the National Institute of Occupational Health (NIOH) Dermatology Clinic.
Sangber-Dery Matthew MSc	The role of birth order in infant mortality in Ifakara DSS area in rural Tanzania.
Southon Sharon MPH	Noise and whole body vibration in underground locomotive operators.
Timothy Geraldine MMed	Factors influencing glycaemic control in diabetics, in three Community Health Centres in the city of Johannesburg.
Vearey Joanna PhD	The persistent urban challenges of migration and informal settlements in the context of HIV: Towards the development of a framework to guide the appropriate and equity promoting urban health and developmental responses of local government within Johannesburg, South Africa.
Ahuejere Leonard MA	Correlates of contraceptive use in southern Africa: Analysis of Lesotho Demographic and Health Survey (LDHS), 2004.
Aide Pedro MSc	Assessment of humoral and cellular immune responses of the RTS,S/ASO2D malaria vaccine candidate administered to infants living in a malaria endemic area in Mozambique.
Akii, Agetta Jimmy MSc	Immunization status and childhood mortality in Agincourt, South Africa in 2004, is there an association?
Ali Aus Tariq MSc	Risk factors for endometrial Cancer among black South African women a case control study.
Ali, Mohammed Abdosh MSc	Gender and HIV in Limpopo Province.
Anguko Andrew MSc	The effect of marital status and education level on HIV/AIDS mortality in rural Kwazulu-Natal, South Africa
Azongo, Kwaku Daviel MSc	Spatial analysis of <i>Schistosoma Haematobium</i> infection among school

	children in a rural sub-district of South Africa: An application of geographical information systems (2009)
Bangre Oscar MSc	Household and individual level factors associated with HIV infection in Kwazulu Natal
Chimbatata Nathaniel MSc	Is there an association between Bacterial Vaginosis and HIV-1 infection acquisition among women aged 18-35 years in Soweto.
Dayal, Harsha MPH	Management of rehabilitation personnel within the context of the National Rehabilitation Policy.
De Wet Nicole MA	Domestic violence and child health outcomes in Zimbabwe.
Doyle Bruce MPH	Respirable quartz in coal mines in the Mpumalanga region of South Africa over the period 2002-2006.
Fadahun Olusesi MSc	Socio economic predictors of HIV infection among 14 - 35 years old in rural South Africa.
Fawole Bukola MSc	The association between alcohol consumption and high risk sexual behaviour in the South African adult population
Ferreira, Ernest French MPH	Evaluating respirable coal dust concentrations at the face of South African coal mines.
Frede Sasha MA	An analysis of under five nutritional status in Lesotho: The role of parity order and other socio-demographic characteristics.
Gitau Tabither MSc	The association between post-weaning dietary patterns at age 1 and growth at age 2 from the Birth-To-Twenty cohort study, South Africa.
Govender Urvashnee MPH	The role of the oral hygienist in the public Health sector in Kwa-Zulu Natal and Gauteng Province.
Habimana Phaniel MPH	An assessment of quality of IMCI implementation in four districts in Zimbabwe.
Heslop, Jennifer Murray MPH	An evaluation of the effect of communication with communities on health outcomes of a disaster. The floods in Taung, North West Province, South Africa, March – April 2006.
Huna Bulelwa MPH	Occupational health and safety activities of Port Elizabeth's integrated department of Labour inspectorate in 2005.
Kadobera Daniel MSc	The effect of distance to formal health facility on childhood mortality: Case of Ifakara DSS in rural Tanzania.
Kahwa Joanmary MA	Health care seeking behavior among terminally ill adults in Addis-Ababa, Ethiopia.
Kaurzky Keegan MPH	Children left behind: The effects of temporary labour migration on child care

	and residence patterns in rural South Africa.	
Kemsley, Daniel Michel MPH	Respirable dust and quartz exposure of rock drill operators	2009
Khagayi Sammy MSc	Socio-economic status and elderly adult mortality in rural Ghana: Evidence from the Navrongo DSS.	2009
Lele, Pallavi Sachin MSc	Assessment of consistency between self reported health status and performance based health status(functionality) as measures of health status of adults in the Kassena-Nankana District, Ghana at the beginning of the 21 <sup>st</sup> century.	2009
Letshokgohla, Motlatso Elias MPH	Evaluation of the MEC's poverty alleviation programme in the Waterberg district of the Limpopo Province.	2009
Lweno Omar MSc	Food insecurity and social support as determinants of health outcomes among patients attending rural HIV clinic in Bushbuckridge in South Africa.	2009
Malele, Yolanda MDent	Knowledge, attitudes and practices of caregivers about oral lesions in HIV positive patients in NGO/CBOs in Region 8, Johannesburg, Gauteng.	2009
Masaka, Edmore MPH	The prevalence of noise induced hearing loss at a nickel mine in Zimbabwe.	2009
Mashimbye Lawrence MSc	Tuberculosis (TB) treatment outcomes in adult TB patients attending a rural HIV clinic in South Africa (Bushbuckridge).	2009
Mlaba, Nonkululeko Zamaximba MPH	Risk factors associated with HSV-2 seroprevalence and the level of symptom recognition among women in inner city Johannesburg – implications for public health interventions.	2009
Mntambo Adolphus MPH	Factors associated with abnormal cervical smears in HIV negative women in Soweto.	2009
Moabi, Rosemary Maud MPH	Knowledge, attitudes and practices of health care workers regarding disaster preparedness at the Johannesburg Hospital in Gauteng Province, South Africa.	2009
Mofolo Tholoana MA	Assessing the effect of social support on health status using the 2006 South African general household survey.	2009
Moremi Lemphi MSc	The relationship between exposure to Soul City Educational Programme and Knowledge and Practices of South African Women aged 16 - 65 years on cancer of the cervix.	2009
Mosiane, Malerato Adelaide Nthamane MSc	Mortality and violence in Agincourt, a rural area in South Africa.	2009
Mukandila Andrew MA	The dynamics of urban population development: Projection model of urban/ rural growth	2009
Mutevedzi, Portia Chipso MSc	Burden and determination of bacterial vaginosis in sexually active women aged 18 years and over. enrolled in an	2009

	HIV prevention trial in Northern Kwa-Zulu, Natal	
Namosha Elias MSc	Spatial clustering of HIV/AIDS mortality events in rural South Africa population between 2000-2006	2009
Ncholo Emmanuel MPH	Review of patient follow-up mechanisms in the two Ekurhuleni metropolitan hospitals providing antiretroviral treatment.	2009
Ndhlovu Micky MSc	Determinants of health workers' prescription patterns for patients at primary health care facilities in Zambia.	2009
Nemutandani Simon MSc	Knowledge, attitude and practise (KAPs) of dental trauma among staff in early childhood developmental centres (ECDs) in Hillbrow, Johannesburg.	2009
Nikoi Ashong MSc	The association between socio-economic status and adult mortality in rural Kwazulu-Natal, South Africa	2009
Nyamboli Mirabel MSc	Relationship between economic wellbeing and risky sexual behaviour among 14-35 year old women in Limpopo Province, South Africa.	2009
Odungu, Peter Emmanuel Mayanja MPH	An evaluation of the disaster management function of municipalities in the Gauteng Province as at February 2008.	2009
Rajaram Sinola MMed	Measurement of burnout and associated factors in the surgical staff at Chris Hani Baragwanath Hospital	2009
Raphaely Nika MPH	Providers' responses to the Patients' Rights Charter in South Africa: a case study in policy implementation.	2009
Shoko Mercy MA	Is there a mortality differential by marital status among women in South Africa? A study on a rural sub-district of Mpumalanga Province in north-east South Africa.	2009
Sibanyoni Maria MPH	Assessment of clinician knowledge and practices in the management of sexually transmitted infection in Johannesburg Metro.	2009
Singh Elvira MMed	Clinical Registrars' perception of their specialist training on the University of Witwatersrand Training Circuit.	2009
Thopola Hilda MPH	Evaluation of medical waste management in Ekurhuleni Metropolitan Municipality Clinics.	2009
Vibetti Sylvia	A study on gender based violence in South Africa: Prevalence, correlates & coping strategies.	2009
Vundle Ziyanda MMed	Adverse outcomes of pregnancy in Potchefstroom, South Africa	2009
Yeji Frances MSc	Does social support affect depression in patients on antiretroviral treatment program in rural Kwa-Zulu-Natal, South Africa?	2009
Ajaari, Justice MSc	Does place of delivery affect neonatal mortality in Rufiji in rural Tanzania?	2008
Akiv. Zeh Zacheaus	Outcome of HAART in patients with	2008

MSc	tuberculosis in the Themba Lethu clinical cohort.	
Ameh, Soter Sunday MSc	Home management of malaria in children under 5 years in Kassena-Nankana district of upper east region of Ghana: Knowledge, attitude and practices of home care givers.	2008
Anifowoshe-Kehinde, Adebimpe Wasilat MPH	Assessing the determinants of sexual risk behaviour amongst young men in rural South Africa to inform male-oriented HIV prevention programming.	2008
Bakajika Kapuku, Didier MSc	Childhood mortality and socioeconomic status in the Agincourt Health and Demographic Surveillance site in 2003, South Africa.	2008
Berthet, Emilie-Marie MPH	Uptake of the prevention of mother-to-child-transmission programme at a primary health care level in Sedibeng district.	2008
Bosch, Conrad MPH	An audit system for regulatory authorities and professional bodies to assess the operational competence of occupational hygiene approved inspection authorities.	2008
Buliva, Evans Muhavani MSc	Determinants of health related quality of life (HRQoL) of adults in a public sector HAART program in Botswana.	2008
Chester, Sean John MPH	The usefulness of task-based exposure data in characterising work tasks that produce potentially high short-term exposures.	2008
Chimbindi, Natsayi Zanile MSc	Determinants of condom use among young adults aged 15-24 years in the Africa Centre Demographic Surveillance area in Kwazulu-Natal, South Africa, 2005	2008
Chitsulo, Chimweme MSc	Dynamics of maternal lymphocyte subsets from 3 <sup>rd</sup> trimester to postpartum and their impact on mother-to-child HIV-1 transmission.	2008
Crowther, Penny MSc	The association between household food security and mortality in children under five years of age in Agincourt, Limpopo Province, in 2004.	2008
Ezeh, Nikeonyere Francisca MPH	Differences in characteristics of women who initiate antenatal care early and late in two slums of Nairobi, Kenya.	2008
Hoods-Moonsammy, Vyonne Jacqueline MPH	The extent of accidental trauma at the Johannesburg Hospital casualty ward, Gauteng Province, South Africa	2008
Hurkchand, Hitesh Pravinchundra MSc	Comparison of male and female HIV seroprevalence rates from a coal mining community and mobile clinic in Mpumalanga, South Africa.	2008
Ilobanafor, Chinee Oblamaka MPH	What happens to advanced midwives after their training?	2008
Jacobs, Peter John MPH	Laboratory fume hood performance.	2008
Kamara, Mohamed Kobio MSc	Clustering of mortality among children under five years due to malaria at the Ifakara Demographic Surveillance Site in	2008

	Tanzania.	
Khan, Farzana MPH	An assessment of the remunerative work outside public sector (RWOPS) policy at the Johannesburg General Hospital.	2008
Kigozi, Lubwama, John MPH	Client factors determining ARV adherence in Natalspruit Hospital and at Impilisweni CHC in Gauteng Province in 2006.	2008
Kutto, Ezekiel Sitienei MSc	A comparative study of under five child mortality in different housing settlements in Soweto, South Africa, 2002.	2008
Larbi, Irene Akosua MSc	Association between childhood obesity and autopsy among school children aged 6-15 years living in rural and urban areas in Ghana in 2006.	2008
Mafojane, Elias Tshepiso MSc	The relationship between child personal carbon monoxide (CO) exposure and amount of time spent in close proximity to indoor fires in rural North-West Province.	2008
Makene, Christina Lulu MSc	Housing-related risk factors for respiratory disease in low cost housing settlements in Johannesburg, South Africa.	2008
Makgatho, Poupianah Michael MPH	Coal tar pitch volatiles exposure in a petrochemical refinery – a task based exposure assessment.	2008
Maskew, Mhairi MSc	Gender differences in clinical and immunological outcomes in South African HIV-infected patients on HAART.	2008
Mtandu, Rugola MSc	The impact of HIV on clinical-microbiologic features and mortality among patients with invasive nontyphoidal salmonella infection in South Africa.	2008
Mutloane, Thomas Albert Mothei MPH	The perceptions of and course evaluation of the MPH degree by former students who graduated in the period 2001 to 2007.	2008
Natthey, Cornelius MSc	Household socio-economic status as a determinant of under five mortality at Rufuji DSS, Tanzania.	2008
Ndirangu, Jmes Ng"Ang"A MSc	Determinants of vaccination coverage among children aged 12-23 months in rural KwaZulu, Natal	2008
Nwachukwu, Chukwuemeka Ezeikpe MSc	Regional patterns and correlates of HIV voluntary counseling and testing (VCT) among youths in Nigeria.	2008
O"Hara, Oscar Reno MPH	The association of adolescent smoking with stress and coping in Pretoria high schools: A qualitative study.	2008
Oduor, Peter Aggrey MPH	Do tuberculosis treatment supporters influence patients treatment outcome? A study in the southern service delivery Region, Ekurhuleni Metropolitan Municipality, Gauteng Province.	2008
Oti, Oji Samuel MSc	Risk factors for perinatal mortality in Nigeria. The role of place of delivery and delivery assistants.	2008
Pursell, Irene Rebecca MPH	Organisational capacity affecting adherence to anti-retroviral therapy at two public sector	2008

	sites in Gauteng.	
Ramokate, Tuduetso MPH	Knowledge and practices of doctors and nurses about management of health care waste at Johannesburg Hospital in Gauteng Province, South Africa.	2008
Randolph, Robert Winston MPH	A task based exposure assessment of airborne asbestos fibres during boiler de-lagging.	2008
Rembuluwani, Azwinaki MPH	The study of TB and MDR-TB in Kwa-Thema township from 2000-2004.	2008
Sahdeo, Joanne MPH	Surgical registrars' knowledge, attitude and practices regarding hospital disaster preparedness across 3 tertiary hospitals in Gauteng.	2008
Smith, Chad MPH	Service provision for diabetes and hypertension at the primary level in the Johannesburg Metropolitan Area.	2008
Tindanbil, Daniel MSc	Assessment of predictors of use of antimalarial drugs treatment in the Kilombero and Rufji valleys in Tanzania.	2008
Tshibangu, Delphin Cyrille MSc	The effects of availability of reproductive health services on the contraceptive use and method choice in the city of Tshwane Metropolitan Municipality.	2008
Xulu, Thembisile Lynette MPH	The socio-demographic characteristics of employees who had HIV testing in 2005 within selected companies on the Direct AIDS Intervention Programme.	2008
Yasin, Shima Kamal MSc	Socioeconomic and bio-demographic determinants of infant mortality in Egypt.	2008
Adjei, George MSc	Assessment of risk factors and transmission for HIV comparing discordant and concordant couples in Hlabisa Demographic Surveillance System (DSS) Site	2007
Adonis, Leegale Franscesca MMed	Evaluation of the Johannesburg Hospital operating theatre.	2007
Arimi, Peter Mwititi MSc	Correlation between nutrition status and genital shedding of HIV-1.	2007
Ashby, Clive Norman (with distinction) MPH	Factors contributing to the sexual behavioural patterns and increased risk of HIV infection amongst migrant construction workers in Botswana	2007
Awuonda, George Otieno MSc	Baseline study on condom usage, safe sexual practices and sexually transmitted diseases among men and women aged 15-60 years in Orange Farm, South Africa 2002: a retrospective analysis	2007
Bajomo, Abiodun Sunday MPH	The impact of oral manifestations of HIV/AIDS on the quality of life of patients living with HIV/AIDS	2007
Barnes, Brendon Russel PhD	The evaluation of a behavioural intervention to reduce the impact of indoor air pollution on child respiratory health	2007
Bhayat, Ahmed MSc	Predictive value of group I oral lesions in detecting HIV infection amongst patients	2007

	attending PHC facilities in Gauteng	
Chalwe, Victor MSc	Factors associated with mortality from childhood malaria in Navrongo DSS Site, Ghana, 1995-2000	2007
